Scope

Synod Outreach Grants are intended to be seed money for new ideas. They need to be relational. They need to be connected with the mission of Jesus in the world. Feeding Program Grants are done by the Publically Engaged Church Committee. Hunger Grants are done by the ELCA. Grants are not given for building projects or to fund a staff person. Typical grants are in the \$2-4,000 range. They are meant to try new ways of reaching people outside the church.

Goals – How will this project:

Build relationships outside the church?

Build relationships inside the church?

In what ways will participants be invited to a relationship with Jesus and the church?

How will the project be evaluated or measured?
