Describe the program and its goals. Use a separate sheet of paper and use the following questions as a guide. Please be sure to address letter E below. Include additional information if you feel it will be beneficial to the review committee.

**GENERAL INFORMATION**

- A. How does this program relate to the mission of your congregation?
- B. How many members of your congregation are involved with the program?
- C. How many people and what population will be served by this program?
- D. What other congregations/faith communities are involved in this program?
- E. Moving beyond doing nice and needed things for people, how are you practically sharing the love of Christ with this program? In other words, what makes your project a faith ministry and not simply a project of a social service organization?

It would also be helpful to the review committee if you would provide an itemized program Budget, a list of other funding sources and the results of those requests, and a list of the specific ways the grant will be used.
